CONTENTS OF VOLUME XIII.

Number 1.

PAGE.

Geology and Ore Deposits of the Colbran Contact of the Suan Mining Concession, Korea ..... D. F. HIGGINS 1

Some Features of Magnetic Surveys of the Magnetite Deposits of the Duluth Gabbro ..... T. M. BRODERICK 35

Some Chemical Experiments Bearing on the Origin of Certain Uranium-Vanadium Ores ..... FRANK B. NOTESTEIN 50

Discussion:

Petrology of Reservoir Rocks ..... JAMES O. LEWIS 65

Review:

Building Stones and Clays ..... L. V. P. 70

Recent Literature of Economic Geology ..... R. E. SOMERS 71

Scientific Notes and News 80

Number 2.

Further Remarks on the Ores of Engels, California, L. C. GRATON and D. H. MCLAUGHLIN 81

Replacement in the Bendigo Quartz Veins and its Relation to Gold Deposits, F. L. STILLWELL 100

A Tungsten Deposit near Fairbanks, Alaska ..... ALAN M. BATEMAN 112

The Replacement of Wood by Calcite ..... C. W. GREENLAND 116

An Old Erosion Surface in Idaho: Is it Eocene? ..... JOHN L. RICH 120

Discussion:

Magmatic Ore Deposits of Sudbury, Ontario ..... W. H. GOODCHILD 137

Discussion of a Paper Headed "Genetic Classification of Underground Volatile Agents" ..... W. H. EMMONS 144

The Geologist in War Time—Geology on the Western Front, HERDMAN F. CLELAND 145

Review:

The Gold Deposits of the Rand ..... J. F. KEMP 150

Scientific Notes and News 158

Number 3.

Further Studies on the Deposition of Gold in Nature ..... VICTOR LENHER 161

The Pegmatites of the Duluth Gabbro ..... FRANK F. GROUT 185

Superficial Dip of Marine Limestone Strata, a Factor in Petroleum Geology, KIRTLEY F. MATHER 198

PAGE.

Discussion:
Crevices and Cavities in Oil Sands .....EUGENE WESLEY SHAW 207
Replacement in the Bendigo Quartz Veins .....ALAN M. BATEMAN 222
The Halogen Salts of Silver at Wonder, Nevada ....JACOB W. YOUNG 224
The Occurrence of the Halogen Salts of Silver ..WALDEMAR LINDGREN 225
Review:
Report of the Royal Ontario Nickel Commission .....ERNEST HOWE 227
Recent Literature on Economic Geology .....R. E. SOMERS 233
Scientific Notes and News 244

Number 4.

Notes on Gold Hill and Vicinity, Toole County, Western Utah,
J. F. KEMP and PAUL BILLINGSLEY 247
The Significance of Certain Mexican Oil Field Temperatures, E. DE GOLYER 275
A Pegmatitic Origin for Molybdenite Ores .....E. THOMSON 302
Discussion:
The Geologist in War Times: Relation to Military Water Supplies,
O. E. MEINZER 314
The Petrology of Reservoir Rocks and Its Influence on the Accumulation of Petroleum .....G. SHERBURNE ROGERS 316
Review:
The Principles of Economic Geology .....JOSEPH T. SINGEWALD, JR. 325
Scientific Notes and News 333

Number 5.

The Movements of Oil and Gas through Rocks .....VICTOR ZIEGLER 335
The Copper Silver Veins of the Telkwa District, British Columbia,
V. DOLMAGE 349
Notes on the Possible Origin of the Magnesite near Valley, Washington,
OLAF P. JENKINS 381
Discussion:
Silver Deposition and Enrichment at Cobalt, Ont. .....J. A. REID 385
The Geologist in War Times: the United States Geological Survey's War Work .....PHILIP S. SMITH 392
Review:
The Geology and Ore Deposits of Ely, Nevada .....C. H. CLAPP 400
Scientific Notes and News 410

Number 6.

John Duer Irving .....WALDEMAR LINDGREN 413
On the Microstructure of Certain Titanic Iron Ores ..CHARLES H. WARREN 419
Intrusive Origin of the Gulf Coast Salt Domes ....G. SHERBURNE ROGERS 447
Discussion:
The Idaho Peneplain .....WALDEMAR LINDGREN 486

PAGE.

Review:
Popular Oil Geology ..... C. W. TOMLINSON 493
Scientific Notes and News 494

Number 7.

"War Minerals" as a Science ..... C. K. LEITH 497
War Minerals ..... J. E. SPURR 500
Petroleum in Japan ..... J. MORGAN CLEMENTS 512
War Time Mineral Activities in Washington ..... EDSON S. BASTIN 524
Discussion:
Origin of the Bendigo Quartz Veins ..... STEPHEN TABER 538
Halogen Salts of Silver at Wonder, Nev. ..... J. A. BURGESS
Movements of Oil and Gas through Rocks ..... CHESTER W. WASHBURNE
Scientific Notes and News 552

Number 8.

Non-bituminous Road Materials ..... L. REINECKE 557
Anomalous Dips ..... EUGENE WESLEY SHAW 598
Racewinite: A Peculiar Mineral from Ore Deposits in Utah,
A. N. WINCHELL 611
Discussion:
Origin of the Cap Rock of the Gulf Coast Salt Domes .... E. DEGOLYER 616
Intrusive Origin of the Gulf Coast Salt Domes ..... WILLIAM F. JONES 621
Occurrence of the Silver Halides in the Oxidized Zone of Ore Deposits,
ADOLPH KNOPF 622
Scientific Notes and News 625
